### FORWARD-LOOKING STATEMENTS

Certain statements contained in this presentation are not based on historical fact and are forward-looking statements within the meaning of federal securities laws and regulations. These statements are based on management's current expectations, assumptions, estimates and observations of future events and include any statements that do not directly relate to any historical or current fact; actual results may differ materially due in part to the risk factors set forth in our most recent 10-K and 10-Q filings. These forward-looking statements can be identified by the use of words like "anticipates," "estimates," "projects," "expects," "plans," "believes," "intends," "will," "assumes" and other words of similar meaning. Owing to the uncertainties inherent in forward-looking statements, actual results could differ materially from those set forth in forward-looking statements. We intend these forward-looking statements to speak only at the time of this presentation and do not undertake to update or revise these statements as more information becomes available except as required under federal securities laws and the rules and regulations of the SEC. Factors that could cause actual results to differ materially from those in forwardlooking statements include, but are not limited to, the timing and success of the Company's Corporate Relocation Plan, the timing and success of the Company in realizing estimated savings from third party logistics and vendor managed inventory, the realization of the Company's cost savings estimates, the relative effectiveness of compensation-based employee incentives in causing improvements in Company performance, the capacity to meet the demands of the Company's large national account customers, the extent of execution of plans for the growth of Company business and achievement of financial metrics related to those plans, the effect of the capital markets as well as other external factors on stockholder value, fluctuations in availability and cost of green coffee, competition, organizational changes, our ability to retain employees with specialized knowledge, the effectiveness of our hedging strategies in reducing price risk, changes in consumer preferences, our ability to provide sustainability in ways that do not materially impair profitability, changes in the strength of the economy, business conditions in the coffee industry and food industry in general, our continued success in attracting new customers, variances from budgeted sales mix and growth rates, weather and special or unusual events, changes in the quality or dividend stream of third parties' securities and other investment vehicles in which we have invested our assets, as well as other risks described in this report and other factors described from time to time in our filings with the SEC.

Note: All of the financial information presented herein is unaudited.
