FARMER BROS CO. STOCKHOLDERS

Act Today to Bring Renewed Perspective to the Board and
Reintroduce Farmers' Proven Client- & Employee-Driven Culture!

Dear Fellow Farmer Bros Co. Stockholders,

I am writing you on behalf of a group of concerned Farmer Bros. stockholders. Together we own 4.9% of the Company's shares. Like you, our investment has suffered as a result of poor decisions, inept management, questionable governance and a complete lack of support for the culture and client-focused strategy that made Farmer Bros. a success.

The reality is that this Board has pursued short-sighted tactics and financial engineering, seemingly designed to boost quarterly results (albeit unsuccessfully) and to enrich management and insiders at the expense of stockholders and employees.

It is critical that at the upcoming Annual Meeting, stockholders make their voices heard by electing two new directors, Tom Mortensen and Jonathan Waite, who understand Farmer Bros. and know how to make it successful again. Once elected, they will work with the Board and new CEO Deverl Maserang to begin the process of returning Farmer Bros. to the values and principles upon which it was built.

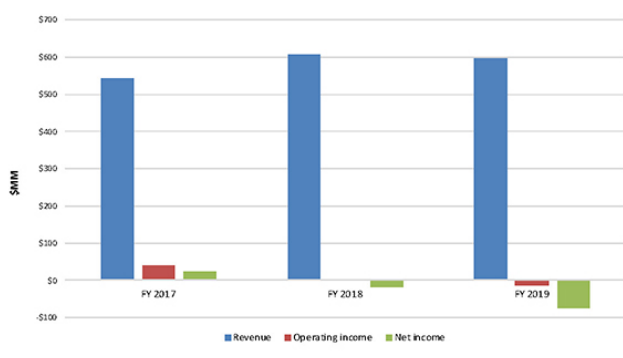

We urge you to vote using only your GOLD PROXY today.

Your support is extremely important. If you have any questions, please call our proxy solicitor Okapi Partners toll-free at (877) 274-8654 or email info@okapipartners.com.

Sincerely,

Jeanne Farmer Grossman

The Board's Lack of Vision and Poor Oversight Have Led to Inconsistent, Unprofitable Results

STOCK PRICE COLLAPSE

- Over the past three years the Company's shares have lost 59% of their value compared to a 45% rise in the S&P 500.
- Over the last five years the stock has fallen by 54% while the S&P 500 is up 52%.

MANAGEMENT TURNOVER

- Since May 2019, the company has had 3 CEOs and the Senior Vice President and General Manager, Chief Legal Counsel and Chief Operating Officer have resigned.
- Since 2017, 2 CFOs have left the company and the Company is currently operating without one.

LACK OF VISION

- An absence of diversity of experience on the Board has impeded alternatives and allowed management to make disastrous choices.
- Despite the financial evidence that many mistakes have been made, the Board does not understand what it actually takes to turn the now-flailing Company around to profitability.
